Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The substance of the interview was the enablement and obviousness rejections maintained in the Final Office Action mailed 2/11/2005. Applicant stated that an amendment to the claims to obviate the enablement rejection will be supplied for consideration. Applicant also pointed out that the prior art of Pastorekova and Oosterwijk [a] and [b] in particular, were nonenabling, since the prior art did not identify and characterize the MN protein and applicant will submit these arguments for consideration.
